This document does not form part of any offer or contract. All measurements, areas and distances are approximate. The information and plans contained herein are believed to be correct, however, their accuracy is not guaranteed. The photographs show only certain parts of the property at the time they were taken. This offer is subject to change of price or other conditions, without prior notice.

Performance énergétique et climatique

consommation (énergie primaire) | émissions | logement extrêmement performant

60 kWh/m ² /an	1* kg CO ₂ /m ² /an	A
-------------------------------------	---	----------

* Dont émissions de gaz à effet de serre

peu d'émissions de CO₂

The figure shows a vertical CO2 emissions scale with seven levels, A through G, represented by horizontal bars of increasing length and decreasing emission efficiency. Level A is the most efficient (shortest bar, light blue), and level G is the least efficient (longest bar, dark blue). The scale is positioned to the right of the main data box.

A — **1** kg CO₂/m²/an

émissions de CO₂ très importantes
